

OUR PLEDGE

To protect our school communities

We are committed to providing the best possible care so that our school communities feel safe and confident about living and learning on our campuses.

We recognise that guidance to fight COVID-19 is constantly evolving, therefore we will review and adapt our pledge prior to the reopening of our campuses.

YOUR HEALTH

We will provide outstanding care and support throughout your stay

- Our on-site medical staff will monitor the health and wellbeing of our college community. They have long-established relationships with local doctors and healthcare advisers, which are based at medical practices within a short distance of each campus.
- We will take daily temperature checks, using infrared technology, of students and staff.
- We will provide care kits to every student, which will include facemasks and hand sanitiser gel. Hand sanitiser gel will be freely available around the campus.
- We are planning to test any student displaying COVID-19 symptoms. If they are positive, they will be placed in supervised isolation. The on-site medical staff will prescribe relevant care and consult with the school doctor when necessary.
- We will provide a health and safety briefing to all students in relation to COVID-19.
- We will provide health and safety training to all staff in relation to COVID-19. All staff will be provided with masks.
- We are planning to test all school staff for COVID-19 before our campuses reopen.

YOUR SUCCESS

We will provide an outstanding learning experience

- If quarantine measures are in place on arrival, we will isolate students safely on campus. Your induction will start online before face-to-face classes and activities begin, giving you the opportunity to make new friends and learn about the college.
- If students display symptoms of COVID-19, we will isolate you safely on campus, so you can continue your studies online.

YOUR ARRIVAL

We will provide a safe transfer from the airport to our secure campuses

- We will meet and greet you at the airport. Our drivers will wear a facemask and they will have received COVID-19 health and safety training. All vehicles will be sanitized prior to collecting you.
- We aim for all students to be tested for COVID-19 on arrival.
- If a quarantine is imposed by the authorities, we will collect you from the airport and take you to our safe and secure campus where you will be safely isolated with friends in small clusters.

YOUR SCHOOL

We will ensure you study and stay in a safe, clean and protected campus

- To maintain social distancing, we will limit class sizes, introduce one-way systems, adjust classroom seating, and stagger timetables and mealtimes.
- We will carry out increased cleaning in communal areas during the day.
- We will provide single en-suite accommodation.
- We will closely monitor students who request to leave the campus using a contact tracing app.
- We will not allow outside visitors on campus until further notice. There will be special procedures for deliveries.
- We will have a stock of essential personal items for sale on campus to help any students that happen to run out.
- We will restrict exerts until such time as it is safe for students to leave and return to the campus freely.
